

HPE ProLiant MicroServer Gen10

ProLiant MicroServer

What's new

- Supports extra graphics workload and expands your displaying capability up to five 4K resolution displays with the AMD Radeon™ Pro WX 2100 Graphics Card
- Elevate your network speed and work efficiency with the HPE Dual Port 10Gb Network Adapter
- Load your operating system and boot up more quickly with the HPE 240 GB SATA Read Intensive Small Form Factor Solid State

Overview

Are you a small office, home office, or small business that needs a compact affordable entry level server? The HPE ProLiant MicroServer Gen10 delivers an affordable compact entry level server specifically designed for small offices, home offices, or small business environments. This compact and easy to use server can be placed almost anywhere. Simple access to hard drives, memory and PCIe slots allow easy management, installation and upgrades. HPE MicroServer Gen10 is available with ClearOS Software from HPE delivering an intuitive Web based GUI and application marketplace that is pre-loaded on your hard drive, making it ready to use right out of the box. It

Drive

- Build your ideal solution for RAID 5 with the HPE Smart Array E208i-p SR Gen10 Controller
- Now supports Red Hat Enterprise Linux Version 7.4

utilizes the AMD® accelerated processing unit (APU) with graphics cores embedded to improve graphic software performance without installing an additional PCIe graphics adapter.

Features

Be Productive and Customize With ClearOS Software from HPE

The HPE ProLiant MicroServer Gen10 can be configured with ClearOS Software from HPE, an operating system with an intuitive Web based GUI and application marketplace that can be factory pre-loaded for your convenience.

The ClearOS Software from HPE is a no cost operating system and you decide what applications you want to configure while only paying for the applications and support you require.

Unique Server Design with Worry-free Serviceability

The HPE ProLiant MicroServer Gen10 is available with easy access to hard drives, memory, and PCIe slots for simple installation or upgrade.

Compact, easy to use and can be placed in almost any location with its compact design.

Graphic Performance

HPE ProLiant MicroServer Gen10 supports the AMD accelerated processing unit (APU) with the graphics core embedded to aid customers with graphics related workloads without installing an additional graphic card.

Dual display ports capable of 4K resolution video display for increased flexibility.

AMD Radeon™ Pro WX 2100 boosts up your graphics experience by offering the new generation Graphics Core Next (GCN) GPU architecture, OpenCL™ 2.0 support, three 4K res. displays at 60 Hz and many more. Find out full features at: <https://pro.radeon.com/en-us/product/wx-series/radeon-pro-wx-2100/>

Technical specifications

HPE ProLiant MicroServer Gen10

Processor family	AMD Opteron™ X3000 Series
Number of processors	1
Processor core available	2 or 4
Processor cache	1 MB L2 2 MB L2
Processor speed	3.4 GHz
Form factor (fully configured)	Ultra Micro Tower
Form factor chassis	MicroServer
Power supply type	1 built-in power supply Multi-output
Expansion slots	2, for detail descriptions reference the QuickSpecs
Maximum memory	32 GB
Memory slots	2 standard 288p DIMM slots, maximum
Memory type	DDR4 UDIMM
Memory protection features	Unbuffered ECC
Drive description	(4) LFF SATA Non-hot plug, depending on model
System fan features	Non-hot plug non-redundant
Network controller	Broadcom 5720 2-ports, applicable to all models
Warranty	1/1/1 Server Warranty includes one year of parts, one year of labor, one year of onsite support coverage.
